- Interstate
- Other Public Roads
- Other Public Trails
- Motorized Trail Access
- FS Campgrounds
- Peaks
- National Forest System Lands
- Non-National Forest System Lands within this National Forest
- Wilderness
- Lakes

EXPLANATION OF LEGEND ITEMS

Roads Open to Highway Legal Vehicles Only:

These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the State.

Roads Open to All Vehicles:

These roads are open to all motor vehicles, including smaller off highway vehicles that may not be licensed for highway use (but not to oversize or overweight vehicles under State traffic law).

Trails Open to Motorcycles Only:

These trails are open only to motorcycles. Sidecars are not permitted.

Trails Open to Wheeled Vehicles 50 Inches or Less in Width

These trails are open only to wheeled, motor vehicles less than 50 inches in width at the widest point on the vehicle.

Seasonal Designation:

This symbol, used in conjunction with one of the other road or trail symbols, indicates that the road or trail is open only during certain portions of the year. Refer to the Seasonal and Special Designation Table for further instructions.

Dispersed Camping:

This symbol is used along with a designated road or trail to indicate that limited cross-country motor vehicle use is allowed within 300 feet of that route, solely for the purpose of dispersed camping.

Motorized Trail Access:

This symbol indicates a trail head for access to a motorized route. Not all motorized routes have trail heads and those that do may range from primitive to developed.

BLANKET STATEMENTS FOR TRAVEL MANAGEMENT.

- In areas along designated motor vehicle routes where general dispersed camping with motor vehicles is not allowed, a small number of designated dispersed campsites have been marked on-the-ground. In these designated dispersed camp sites, the access road to the site and the site itself are only open to motor vehicles during the same season of use indicated for the adjacent road or trail.
- There are numerous short designated motor vehicle routes around the forest that are sometimes too small to display. These routes are signed on the ground with route numbers. If they are too small to display on the MVUM, they are not referenced on the route table. The seasonal restriction for the short spurs are the same as its adjacent primary access route.
- On the Custer Gallatin National Forest, designated motorized TRAILS open to wheeled vehicles less than 50 inches in width, are ONLY open to OHVs and MOTORCYCLES that meet the following criteria:

  OHVs are defined as: motorized, wheeled trail vehicles that are less than 50 inches in width at the widest point on the vehicle.
  Motorcycles are defined as: motorized, wheeled trail vehicles that are less than 50 inches in width at the widest point on the vehicle, with a maximum of two wheels in-line with the direction of travel.
